JYP CAMPAIGN UPDATE

Housing

The Jersey Youth Parliament is a group that work together to find out what is important to other young people. They are looking at three big issues that affect young people in Jersey and have shared their research with the adults who are able to affect change.

United Nations Convention on the Rights of the Child - Article 27

Every child has the right to a standard of living that is good enough to meet their physical and social needs and support their development. Governments must help families who cannot afford to provide this.

We would like to highlight the need for affordable housing in Jersey.

Access to affordable housing affects young people today and in the future.

We have looked at how much people earn and how much it costs to rent and buy houses in Jersey.

We have met with the Minister for Housing & Communities and shared our concerns for the future.

We want to find out what other young people think about housing, share their views and make positive changes.

"A future without affordable houses is not a future for Jersey."

Speak Up

- Encourage young people to speak up and feed into government policies

Share Real Stories

- We will continue to promote our campaign on social media

Better standards

- We will ask for standards of housing that meet the needs of islanders

Continue Discussions

- We hope to have ongoing meetings with the Minister for Housing & Communities to share our research.
